

PERSONAL STATEMENT

Hard Working Interior Designer trained to work under pressure and to think out of the box. Seeking to be a good Interior Designer with gained experience as a young designer in the industry and apply the experience I have gained in the past few years to be the best in the position I am given. I plan and have a time schedule ready; I keep myself accountable and will follow through until the completion of tasks. My work is my priority; I adapt very easily to change and take up a challenge with passion and energy.
